Copy of Chief Auditor's Letter

Feb. 14th, 1941

To the Inhabitants of the town of Searsmont:

This is to certify that your Board of Selectmen has requested an audit to be made by this department covering the accounts of your Town officers for the municipal year of 1940-41.

At this time, it is impossible for us to do this work in time for printing in your annual town report, but we will attend to it just as soon as possible after the first of March.

Very truly yours,

HAROLD E. CRAWFORD,

Municipal Auditor.

STATEMENT BY SELECTMEN

We have on file a complete report of the audit made by the state dept. of Audit for the year ending Feb. 2, 1940. Due to the fact that printing this entire report would cause repetition of some parts of our printed report for last year. we are only including in this report the schedule submitted by the State which did not appear before.

State of Maine
STATE DEPARTMENT OF AUDIT
Augusta

July
 23rd,
 1940

To the Inhabitants of the Town of Searsmont:

This is to certify that this department, represented by Mr. C. G. Hawes, has completed an audit of the accounts of your town officials for the municipal year ended February 2, 1940.

Our report, herewith submitted, was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of the above date. No direct verification was made of any of your asset or liability accounts.

The schedule contained in this report are as follows:

Exhibit A	Comparative Balance Sheet
Schedule A 1	Analysis of Surplus
Schedule A 2	Summary of Overdraft and Unexpended Balances
Exhibit B	Report of Treasurer
Schedule B 1	Excise Tax Collections
Exhibit C	1939 Valuation and Commitment
Schedule C 1	Uncollected 1939 Taxes
Exhibit D	Accounts Receivable
Exhibit E	Notes Payable
Exhibit F	Trust Funds

Also included with this report, for bookkeeping purposes, is a Reconciliation of All Accounts and a detail of the journal entries made.

We wish to thank your Town Officials for their cooperation during the course of this audit.

Respectfully submitted,

HAROLD E. CRAWFORD,
 Municipal Auditor

COMMENTS

Tax Collector:

The 1939 tax commitment book was added and found to be correct.

An incorrect list of uncollected taxes was printed in the last annual report and the Collector did not furnish a complete list, therefore, it was necessary to check all cash sheets and the commitment in order to get a correct list.

It has been suggested that the Collector deposit the exact amount of money called for on the cash sheets.

The Collector has not deposited the excise tax collections promptly; in fact, he had not deposited any 1940 excise tax money to the time the books closed on February 2, 1940. He has been advised to deposit the excise tax collections at least once each month.

Triplicate tax receipts were recommended for use by the Tax Collector and they have been ordered.

Treasurer:

The records of the Treasurer were found to be in a very good condition and his books neatly kept. His account reconciled at the end of the year.

Selectmen:

The valuation book was found to be in good condition with descriptions on real estate entered.

The distribution book and ledger were also found to be in good condition.

Report of Superintendent of Schools

To the Superintending School Committee and Citizens of Searsmont:

Four schools are being maintained the present year, with an approximate number of ninety-three pupils, divided as follows, - Grammar School, thirty; Primary School, twenty-nine; No. Searsmont, eighteen; Ghent, sixteen. A large number of pupils have moved into town during the past two years. This has increased the expense for text books, supplies, etc. In one instance it has made an additional cost for transportation.

At the close of the last school year an agreement was made between the two School Boards, Montville and Searsmont whereby Montville would have charge of the Union School. This town to be allowed the privilege of sending the pupils in that section of the town to the same school at the rate of 50c per capita. All the bills that had accrued while this was maintained as a union school have been paid.

While the number of schools, and the number of pupils have decreased in the past the expense remains nearly the same. This is due partly to the decrease in the State School Fund. While the statute states that \$3. shall be allocated for each census child, because of the reduction in the state school fund this amount has shrunk from \$3; in 1932 to \$1.65 per pupil in 1940. In 1932 an amount of \$144,707 was allocated for aggregate attendance which has since been entirely eliminated.

The schools are in fair condition, and the teachers are making an earnest effort to build up the schools. More co-operation and less adverse criticism would make the

schools more profitable and certainly more pleasant. The resignation of Mrs. Davis was received with regret. She is a lady of exceptional ability, and very ambitious.

The new school lights in the No. Searsmont and two Village schools are much appreciated.

During the past year we have experienced some difficulty with children that have been affected with vermin. Whenever a child shows symptoms of any contagious or infectious disease, or vermin, the teacher shall send them from the school and at once notify the superintendent of schools. The superintendent shall notify the committee and the children shall not be allowed to return to school until they are rid of the disease, infection, or whatever it may be. Let us bear in mind that the teacher is not a physician and is not able to diagnose these cases. She is acting simply on what she believes may be true.

In closing I wish to thank the present School Committee for their assistance and co-operation. I believe that everything possible has been done to make the schools profitable and pleasant. They have also tried to keep the expense as low as possible.

Respectfully submitted,

ALBERT F. BARNES,

Supt. of Schools.
